

ETA SERIES

WALL MOUNTED JIB CRANE

CAPACITIES UP TO 2,100 LBS.

The Unified enclosed track jib crane provides a versatile and cost effective solution to your crane needs where adequate headroom and structural support does not exist.

Use as a supplement to a regular traveling crane or monorail track, or for use in bays and along the walls or side of shops.

BENEFITS & FEATURES

CAPACITIES

50 lbs. to 2,100 lbs.

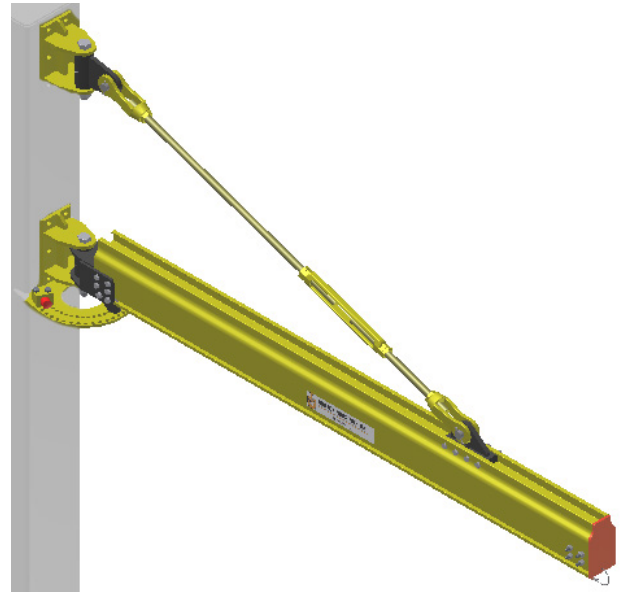

Standard boom lengths up to 20 ft.

SPECIFICATIONS

End stops at both ends of the boom to limit trolley travel.

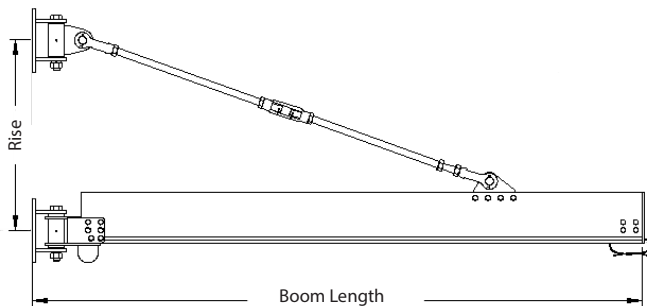

Boom - Extruded high grade 6005-T5 Aluminum providing a clean, smooth and quiet operation.

Optional adjustable rotation stops.
