

ETA SERIES

FLOOR MOUNTED JIB CRANE

CAPACITIES UP TO 2,100 LBS.

The Unified enclosed track jib crane provides a versatile and cost effective solution to your crane needs where adequate headroom and structural support does not exist.

Use as a supplement to a regular traveling crane or monorail track, or for use in bays and along the walls or side of shops.

BENEFITS & FEATURES

CAPACITIES

50 lbs. to 2,100 lbs.

Standard boom lengths up to 20 ft.

Standard under-boom heights of 10 ft. and 12 ft.

SPECIFICATIONS

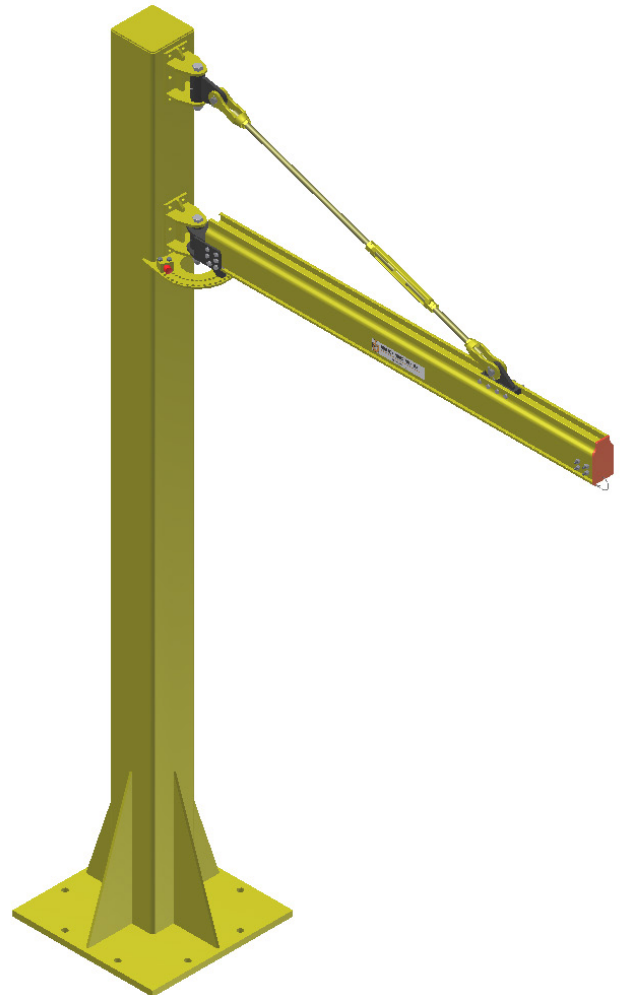

Up to 220 Degrees Rotation.

End stops at both ends of the boom to limit trolley travel.

Mast fabricated from structural steel square tubing with wall thickness sized to minimize deflection.

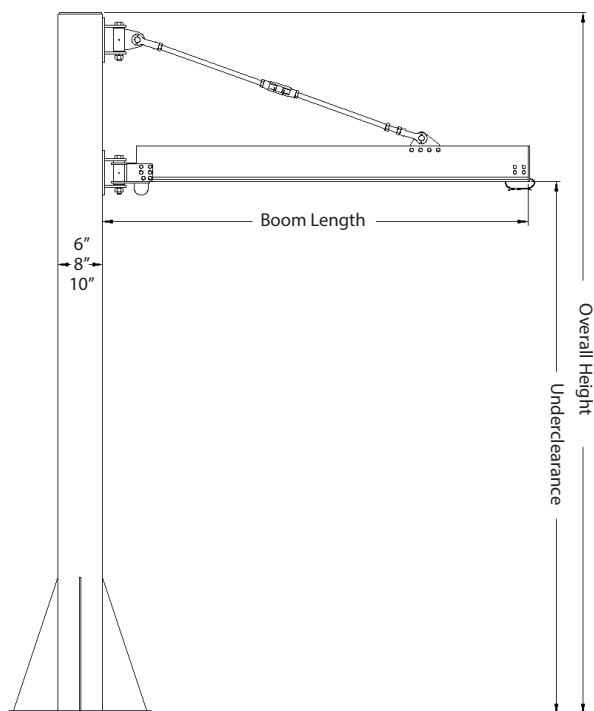

Boom - Extruded high grade 6005-T5 Aluminum providing a clean, smooth and quiet operation.

Optional adjustable rotation stops.

ETA FLOOR MOUNTED JIB CRANE

Optional Stops:

Part #	Description
98535	6" Jib Column Welded Index Stop Assembly for ETA-4
98536	6" Jib Column Bolted Index Stop Assembly for ETA-4
98540	8" Jib Column Welded Index Stop Assembly for ETA-5
98541	8" Jib Column Bolted Index Stop Assembly for ETA-5
98545	10" Jib Column Welded Index Stop Assembly for ETA-8
98546	10" Jib Column Bolted Index Stop Assembly for ETA-8

Base Plate:

Jib Size	Dimensions
ETA-4	2'-3" L x 2'-3" W
ETA-5	2'-3" L x 2'-3" W
ETA-8	2'-8" L x 2'-8" W
